

Poster presentations		
1	Prediction of Facial Growth by hand-wrist radiography lateral cephalometry and cone-beam CT	Abouei Mehrizi Ehsan
2	Effect of low-level laser irradiation on separator induced tooth movement	Abtahi Seied Mostat'a
3	Clinical application of magnets in orthodontics : a review	Afsari Erfaneh
4	Upper 2 <sup>nd</sup> Molar Extraction Application for Anterior Open Bite Treatment in Adult Patients	Aghaeipoor N
5	To evaluate the effect of ovalbumine on external root resorption of rat tooth affected by orthodontic force	Aghily Hossein
6	Soft tissue profile changes before and after functional therapy by Twin Block appliance in Class II div 1 patients	Ahangar Atashi Mohanmmad Hossein
7	Effects of a simulated oral environment and sterilization on load-deflection properties of superelastic nickel-titanium orthodontic wires	Ahrari Farzaneh
8	The use of palatally inserted miniscrew for uppr molar distalization	Valiollah Arash
9	Evaluation of relationship between maxillary tooth sizes with buccal canine displacement	Asadi Elmira
10	Evaluation of dental arch width in class II division 2 malocclusion and normal occlusion in patients that refer to clinics in Tehran from 2003 to 2004	Asadi Elmira
11	Third molar eruption following orthodontic treatment with and without extraction of premolars	Atrkar Rowshan Davood
12	Application of Cone Beam CT in Orthodontic Practice	Azami Niloofar
13	Hypodontia: clinical features and management	Behnam Gilda
14	Four sixes: Orthodontic treatment planning	Behnam Gilda
15	Tooth born distraction for maxillary advancement in a cleft patient	Behnaz Mohammad
16	Assessment of tongue plate treatment efficiency in cl III patients due to maxillary deficiency in growing patients	Behnaz Mohammad
17	The validity of computer assisted system for lateral cephalometric analysis in comparison to conventional method. I.Viewbox Imaging Software	Davoudian Masoud
18	The validity of computer assisted system for lateral cephalometric analysis in comparison to conventional method. II.Onyxceph Imaging Software	Davoudian Masoud
19	orthodontic therapy in implant dentistry	Dehghan Fatemeh
20	Hearing disorders in cleft palate individuals	Eslamian Ladan
21	Anthropology in Orthodontic Etiology: Regressive and Progressive Evolution	Esmaili Moghaddam Maziar
22	Different methods of enamel re-preparation for bracket re-bonding	Esmaili Moghaddam Maziar
23	Clinical application of laser in orthodontics	Esnaashari Nasim

24	Coordinate Measuring Machine in Dentistry: A review of the literature	Farzan Arash
25	Does malocclusion affect the oral health related quality of life?	Farzanegan Fahimeh
26	Force analysis of different types of Asymmetric Headgears	Fattahi Hamid Reza
27	The comparison of force decay in different elastic chains by the time Relationship	Fattahl Ham id Reza
28	Relationship between teeth size and congenital missing	Fetrati Asal
29	Effects of slow maxillary expansion on posterior cross bite in early and late mixed dentition	Fetrati Asal
30	Another concept about Goshgarian type appliance	Ghorbani Javadpoor Fattaneh
31	Patient selection criteria for cone beam computed tomography in orthodontics	Golshah Amin
32	Natural Head position in CL III malocclusion	Hedayati Zohreh
33	Extra oral evaluation of the effect of different primers application over metal bracket base on mode of failure and shear bond strength of bracket to enamel	Hedayati Zohreh
34	Laser in orthodontics: A Review	Heidari Somayyeh
35	Soft tissue effects of cervical headgear in early class II treatment	Heidari Somayyeh
36	A comparison of shear bond strength of immediate or delayed bonding of brackets to FRC bars using various orthodontic adhesives	Heravi Farzin
37	Implant Anchorages in Orthodontics: DREAMS COME TRUE	Jahani Azadeh
38	Orthodontic treatment of a Patient with nine Impacted Teeth	Kachoei Mojgan
39	Minor Orthodontic Crowding as a Major Periodontal Problem	Karandish Maryam
40	The Importance of the Periodontal Tissues to Orthodontics	Karandish Maryam
41	Improving of quality of life in handicapped Children with orthodontic treatments	Kashefi mehr Atabak
42	An evaluation of the effect of fixed orthodontic treatment on the nutrient intake of the orthodontic patients	Kerayechian Navid
43	Miniscrews in orthodontic treatment: Review the factors affecting clinical success and failure	Khajeh Farzaneh
44	Orthodontic considration in traumatized teeth	Koshki Fahime
45	Classification of different types of implant for orthodontic purposes and their advantages to traditional orthodontic treatment	Mahvidizadeh Samaneh
46	IOmethods for molar intrusion with temporary anchorage devices (TADs) in open bite correction	Mahvidizadeh Samaneh
47	Dentoskeletal effects of anterior inclined plane in patients with Class II div 1	Mashayekhi Ziba

48	Poor prognosis first permanent molars	Mohammadi Zahra
49	Comparing Torquing Efficiency of Rectangular and Auxiliary Round Archwire of Upper Anterior Teeth	Mohebi Shadi
50	A radiographic comparison of apical root resorption of incisors after fixed orthodontic treatment with standard edgewise and straight wire (MBT) technique	Momeni Danaei Shahia
51	Evaluation of anterior open-bite treatment with occlusal adjustment	Moradi Farshad
52	Periodontal status of mandibular central incisors after orthodontic proclination in adults	Moradi Farshad
53	Side Effects of Straight Wire Mechanics	Moradinezhad Mehmaz
54	Comparison of space prediction accuracy by Tanaka-Johnston method and simple visual observation in the mixed dentition	Moslemzadeh Hossein
55	Evaluation of mandibular Interradicular spaces and cortical bone thickness with cone beam computed tomography for orthodontic mini implant installation	Moslemzadeh Hossein
56	The Relationship between Dental and Skeletal Maturity	Naseh Roya
57	Comparison of tooth size discrepancy in CI II malocclusions and normal occlusions	Naseh Roya
58	Miniscrew enhanced anchorage: Practical points based on current studies. Part I: Indications and placement protocol	Nejatbakhsh Reza
59	Miniscrew enhanced anchorage: Practical points based on current studies. Part II: Selection of miniscrew type and site of placement.	Nejatbakhsh Reza
60	A study on maternal risk factors in the occurrence of cleft lip and palate in Mashhad	Nik Samaneh
61	Evaluation of root resorption associated with orthodontic tooth movement	Nik kerdar Nafiseh
62	Cone beam computed tomography application for orthodontic diagnosis and treatment planning	Nik kerdar Nafiseh
63	3D Thermal Analysis in central incisors with bracket and wire adjacent to the hot fluids: FVM study	Omid Khoda Maryam
64	Orthodontic considerations in periodontal therapy	Oshagh Morteza
65	Comparing the Quality of Life Measure and the Aesthetic Component of the Index of Orthodontic Treatment Need (IOTN) in Assessing the Orthodontic Treatment Need of 11 to 14 Year Old Schoolchildren in Qazvin: 2008	Padisar Parviz
66	Comparison of Normative and Self-Perceived Orthodontic Treatment Needs of 11-14 Year-Old Schoolchildren in Qazvin City: 2008	Padisar Parviz
67	implant in cleft patients	Pournasir Maedeh
68	The relation between lip and palate cleft and prosthetic dentistry	Poumasir Maedeh
69	Porcelain conditioning with Nd:YAG and Er:YAG laser for bracket bonding in orthodontics	Poosti Maryam
70	Low-level laser therapy: An approach for accelerating tooth movement and reducing pain in orthodontics	Rafighi Ali
71	Evaluation of the effects of fixed orthodontic appliances on salivary ion metal content	Rahimi Hajir

72	A Prospective Randomized Study for evaluation of different retainer types failure	Roinpaykar Mohhammad Mahdi
73	The frontal sinus as an indicator for mandibular growth prediction	Roinpaykar Mohhammad Mahdi
74	Achieving Maximum Aesthetics by using "GOLDEN RULER"	Roosta Mohammad Ali
75	Prevalence of congenitally missing permanent teeth in RashtJIRAN	Sadeghi Mohammad Ali
76	Ion Release from Orthodontic Brackets in Two Mouthwashes - Chlorhexidine and Persica	Safavi Afsane
77	Root resorption due to orthodontic therapy: risk factors	Sojadi Soodabeh
78	An easy way to predict the anterior and overall Bolton discrepancies in a South Iranian population	Salehi Parisa
79	USE OF FIBER AS A POST-ORTHODONTIC SPLINT	Sekhavat Alireza
80	Evaluation of relation between amount of Intelligence Quotient and dentoskeletal malformations of jaws	Shafiee Hassan Ali
81	Evaluation of tooth size in maxillary dentition with buccal canine	Shariati Mahsa
82	An introduction to student-center electronic educational approach for professional education of the maxillofacial growth and development	Shayan Arman
83	The Effect of the Anterior Bite Plate on the Growth and Development of the Oral Cavity in Moderate CI II Deep Bite patients	Showkatbakhsh Abodrahman
84	Modified Lower Pendulum appliance for 2nd molar de-rotation and distalization : A case report	Soheilifar Sanaz
85	Cariogram: A picture of caries risk profile in orthodontic patients	Sohrabi Aydin
86	Teledentistry for interceptive orthodontics treatment and for screening new orthodontic patient referral	Sohrabi Aydin
87	Esthetic Analysis	Tabatabaei Somaveh
88	Golden proportion in social smile from orthodontic view	Tabatabaei Zohre
89	Multiple teeth impaction treated successfully with interdisciplinary treatment	Tabatabaei Zohre
90	Contemporary methods and indicators of skeletal age <u>evaluation (A review)</u>	Tayebi Ali
91	Cosmetic contouring in orthodontics (A review)	Tayebi Ali
92	Casein Phosphopeptide - Amorphous calcium phosphate application in orthodonticsra review	Teimoori Fatemeh
93	A review in laser application in orthodontics	Teimoori Fatemeh
94	Tooth size discrepancy in different malocclusion groups	Torkan Sepideh
95	The effect of pumice prophylaxis on the bond strength of orthodontic brackets- A review	Torkan Sepideh
96	Botox for excessive gingival display	ZarifNajafi Hooman
